Election/Restrictions

Applicant's election without traverse of Claims 1-7,16,17 and 18 readable on species disclosed in figure 3A in the reply filed on 8/30/2004 is acknowledged.

Claims 8-15,19 and 20-27 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention/species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 8/30/2004.

Applicant cited claim 15 as being readable on the elected figure 3A. However upon further review, it is clear that the claim is more properly directed to the embodiment as shown in figure 3B.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 is indefinite. As worded it appears that the anchors extend from within the vessel, wherein the vessel defines a volume. This is inaccurate. The recitation of "from within and extending from said vessel" should be reworded to properly locate the anchor as extending substantially and homogeneously from within and outwardly from the back wall of the vessel.

Allowable Subject Matter

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

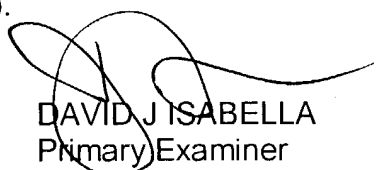

Claims 2-7, 17 and 18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
